PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the NPIC Photographic Analysis Group.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training area or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

Four adjoining military installations are located in the center of Kiyev, USSR: Kiyev Headquarters Kiyev Military District [REDACTED] Kiyev Army Barracks 1st of May [REDACTED] Kiyev Army School 1st of May [REDACTED] and a probable Soviet Air Force aviation school (Figures 1, 2, and 3).

Kiyev Headquarters Kiyev Military District covers approximately 120 acres and contains 3 administration buildings, a school/administration building, 12 barracks, 7 storage buildings, 16 support buildings, 3 small-arms ranges, and a vehicle park with 2 vehicle sheds, 2 vehicle storage/maintenance buildings, and 5 support buildings. A separately secured support area with 9 support buildings and an athletic field is located northwest of the administration buildings.

Kiyev Army Barracks 1st of May covers approximately 48 acres and contains a school/administration building, 2 administration buildings, 12 barracks, 16 support buildings, and a secured vehicle park with a vehicle shed and a support building.

Kiyev Army School 1st of May covers ap-

proximately 140 acres and contains 2 school/administration buildings, 3 administration buildings, 7 barracks, 2 storage buildings, 34 support buildings, 2 athletic fields, and a secured vehicle park with a vehicle shed and 2 vehicle storage/maintenance buildings.

A probable Soviet Air Force aviation school covers approximately 120 acres and contains 3 school/administration buildings, 3 administration buildings, 7 barracks, 5 storage buildings, 16 support buildings, an athletic field, and a vehicle park with 3 vehicle sheds, a vehicle/maintenance building, and 3 support buildings.

These 4 installations were covered on KEYHOLE missions between [REDACTED] and they appeared active on all coverage. Changes during this period include the addition of 9 support buildings in Area D2 and 1 barracks in each of Areas D1, D2, and D3. One barracks in Area D2, 3 support buildings in Area D3, and a support building in Area D4 were under construction on photography of [REDACTED]. In Area J3 a vehicle storage/maintenance building and a vehicle shed were first observed in [REDACTED]. Vehicles were observed in each of 4 secured vehicle parks on photography of [REDACTED].

DESCRIPTION OF INSTALLATION

Railroad Service

The Odessa-Kiyev rail line is adjacent to the installation on the north.

Road Service

The installations are served by Kiyev urban streets.

Administration and Troop Housing Areas

Area D1 contains a multistory H-shaped ad-

ministration building, 2 single-story U-shaped administration buildings, a multistory school/administration building, 12 multistory barracks, 7 storage buildings, and 16 support buildings. One of the barracks was constructed between [REDACTED]. Most of the support buildings were first observed on larger scale photography of [REDACTED].

Area D2 contains a multistory U-shaped school/administration building, 2 multistory U-shaped administration buildings, 12 multistory

25X1D barracks, and 16 support buildings. One of the
25X1D barracks was constructed between [REDACTED]
25X1D [REDACTED] Nine of the support
25X1D buildings were first observed on [REDACTED]
25X1D photography. One of the barracks was first ob-
served on [REDACTED] photography.

Area D3 contains a multistory E-shaped
school/administration building, a multistory
school/administration building, 3 multistory ad-
ministration buildings, 2 storage buildings, 34
support buildings (3 under construction), 2 mul-
tistory U-shaped barracks, and 5 multistory
barracks. One of the barracks was con-
structed between [REDACTED]

25X1D [REDACTED] The 3 support buildings under construction
25X1D were first observed on photography of [REDACTED]
25X1D [REDACTED]

25X1D Area D4 contains 2 multistory E-shaped
school/administration buildings, a multistory
school/administration building, 3 multistory U-
shaped administration buildings, 7 multistory
barracks, 5 storage buildings, 15 support build-
ings, and a large support building under con-
struction which was first observed on photog-
raphy of [REDACTED]

POL Storage Areas

A POL storage depot is located at 50-27N
030-29E and contains 15 medium vertical tanks
and 6 small horizontal tanks. Another area with
42 small horizontal and 5 medium vertical tanks
is located at 50-26N 030-23E.

Other Buildings and Facilities

Area H1 contains 9 support buildings. The
large building in this area is a probable audito-
rium/gymnasium, and the other buildings are
probably for recreation.

Area H2 contains a possible communications
building.

Equipment Storage/Maintenance Areas

Area J1 contains 2 vehicle sheds measuring
300 by 30 feet each, a vehicle storage/main-
tenance building measuring 240 by 60 feet with
a 90- by 35-foot wing, a vehicle storage/main-
tenance building measuring 120 by 60 feet with
a 120- by 30-foot extension, and 5 support build-
ings. This area appears active on all photo-
graphic coverage and vehicles are present on
photography of [REDACTED]

Area J2 contains one 390- by 45-foot ve-
hicle shed and a support building. This area
appeared active on all coverage and vehicles
were observed on photography of [REDACTED]

Area J3 contains one 180- by 30-foot vehicle
shed and two 240- by 75-foot vehicle storage/
maintenance buildings. One of the vehicle stor-
age/maintenance buildings and the vehicle shed
were first observed on photography of [REDACTED]

Vehicles were present on the [REDACTED]
coverage.

Area J4 contains 2 vehicle sheds measuring
390 by 30 feet each, a vehicle shed measuring
150 by 35 feet, a vehicle storage/maintenance
building measuring 270 by 45 feet with a 55- by
45-foot wing, and 3 support buildings. This area
appeared active on all coverage and vehicles
were present on [REDACTED] photography.

Athletic Fields

Areas K1 - K4 are athletic fields. All 4 of
these fields contained light scarring on photog-
raphy of [REDACTED]

Small-Arms Firing Ranges

Areas L1, L2 and L3 are small-arms firing
ranges measuring 1,320 by 320 feet, 540 by 300
feet, and 210 by 150 feet, respectively. Light
activity has been observed in Area L1; however,
no activity has been observed in the other two
areas.
